THE TURF.

J. C. Carr Withdraws from the Saratoga Racing Association.

MAJOR DOMO'S GOOD RACE.

Snowball, an "Evening World's" Tip, Won at Long Odds Yesterday.

Horsemen will be surprised to learn that there has been a disagreement in the ranks of the Guttenberg "Big Four" and that Mr. J. C. Carr has withdrawn from the Saratoga Racing Association. The rumor is not very clear as to the cause of the split. It is said that President Waburn and Mr. Carr had some disagreement and that the former said some things that Mr. Carr did not like. At any rate, the latter was withdrawn from the Saratoga Association, and his stock is being taken up by Mr. W. Williams, Crosby and McLaughlin. What effect this will have on Guttenberg, it is impossible to surmise. Mr. Carr may dispose of his stock in the Hudson County Association also. He is conceded to have been the head and brains of the concern, and it was under his able guidance that Guttenberg was enabled to weather the storms that harassed it last winter. Mr. Carr is at present in Canada, attending the Toronto meeting.

Major Domo won in commanding style yesterday, emphasizing the fact that he is a race horse of the best class. The strongest hint about the race was the fact that Russell was made favorite over the Major. This can only be accounted for by the fact that Russell was eight pounds better off than when he last met the Tom O'Rourke's colt. Yet yesterday Major Domo beat Russell handsomely than on the occasion of their first meeting.

"The one that beats Major Domo in the suburban will win the money," mumbled Mr. Mike Doyle, who says his dollars that day on Russell. Look up Tommy, Mr. Doyle, and you will find the winner.

His Highness and Lubing worked six furlongs in 1:18 1/2 few days ago. The quarter was run in 23 1/2, the half in 49, and the two furlongs in 1:02 1/2. Lubing rode his highness. He weighed about 125 pounds.

Jack Dooley remarked yesterday that he did not have a horse in the starting with \$100. He was immediately offered a hand by a brother trainer, Jack refused.

"Snapper" Garrison tried to steal the first race from Kingston yesterday, but McLaugh-

lin had been there before and stalled off Garsen's well-trained filly.

Mr. Nathan Straus will collect \$1,000 from one of his partners in the firm of H. H. May and Co. for the payment of his account. The partner named is C. E. Johnson, one of the houses which some scheme had during the season. Interests here the partners, and the co-founder to Turkey was

A chariot will be constructed at Gravesend, the present meeting is over, so the three-quarter pole as to aim at the starting of any number of horses.

Major Grant, Deacon, Stephen, Richard, Cross all had a try in Integrity's heats. Part of the winnings went for wine and part for Tammany in the hot race, purely through sympathy.

Snowball, at 90-1, was THE EVENING WORLD'S tip to win the last race yesterday. The other three horses that won were heavy losers, Gamma, Oscar and Stuwaynt. Wilkinson City's four plowshares were lucky, while the two horses that are becoming famous for the season, Waburn and McLaughlin, were beaten.

That THE EVENING WORLD'S tips are not haphazard guesses, but are based on the best of information and judgment.

For ahead of any other paper.

Masterful poor performance was due to the combination of speed and endurance, that three-quarters of the day were heavy losses. Gamma, Oscar and Stuwaynt, Wilkinson City's four plowshares were lucky, while the two horses that are becoming famous for the season, Waburn and McLaughlin, were beaten.

Speculation Affected by News from Washington Quotations.

WALL STREET, Thursday, May 26.—The feature of speculation at the start today was a sharp jump in National Corporation, while large short interest is said to have been entangled. The common sold up to \$144, and ushered to this all the other industrials were strong, but the bears made a drive at the reduced list, and a decline of 14 to 16 per cent followed. A small break in New England from \$36 to \$35, offered valuable assistance to those working for lower prices.

After making a debut of buying orders appeared, and some shorts sold higher than before. There was quietude in Richmond Terminal, on the announcement that the security-holders had sent the bondholders request to Bruce Morgan & Co., under date of May 20.

In view of the fact that the affairs of the British & West Patel, Ruhe and Warnehouse Trustee, have long seriously embarrassed its least interests, turned itself with a danger of receivership and disintegration, and believing that a plan can be devised which will save the property from disruption and loss, consequently meet, needless to say, the interest of its shareholders. It took up the matter and appointed a committee to suggest a plan of reorganization which would ensure both safety and equitability to all interests involved.

The loan crowd shows a good inquiry for Atwood stocks and bonds, but little buying down. The market for Atwood stocks is flat, while Burlington is flat, while Burlington had a small premium.

Chancery up high. In the last race yesterday the odds seem to be no end to Jack McDonald's school.

He Sold Watered Milk.

Otto Green, wholesale and retail milk dealer, 154 Montague Avenue, Williamsburg, N.Y., sold 100 barrels of watered milk yesterday before ditches. Letters of settling milk, 20 per cent, before the standard set by the New York State Dairy Commission, sentence was handed down to him pending an appeal.
